

Help Desk Training

i-Ability: Vocational IT Training Program

Richmond Area Multi-Services

Program Benefits:

- Real-world healthcare information technology (IT) support training in a positive environment
- Paid, supportive, on-the-job training
- Preparation for office and IT-related jobs
- Resume assistance, job interview practice, and linkage to job placement services
- Develop transferable skills that will make you more competitive for future jobs
- Counseling services to assist in building self-care habits to prepare you for employment

Program Participants Will Learn:

- Soft Skills (*professional work behavior, good habits, working well with coworkers*)
- Critical Thinking (*troubleshooting IT issues when you have limited information*)
- Customer Service & Verbal Communication
- Written Communication (*using live ticketing system, writing professional emails*)
- Conflict Resolution
- Workflow of Electronic Health Records system

The Ideal Help Desk Applicant:

- Is willing to learn challenging technical skills
- Has strong attention to detail
- Is willing to improve ability to document phone conversations using clear and simple language
- Will challenge self to develop professional communication skills over phone, email, and in-person
- Is receptive to feedback regarding performance
- Will commit to entirety of 9-month training program (*see dates on Hire-Ability website*)
